

SALTERSTAT™ CAPNOGRAPHY

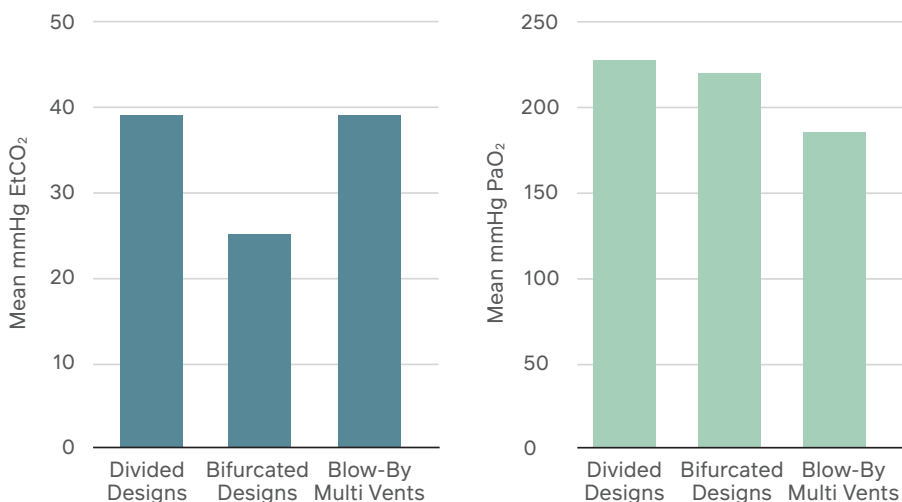

SALTERSTAT™ CAPNOGRAPHY

AirLife™ sets the standard in capnography. An unsurpassed range of configurations helps healthcare systems improve patient safety by making capnography monitoring possible in more situations. Cannulas, masks, and sampling lines with innovative features make Salter Labs® capnography products the most popular side-stream capnography products in the world.

	Reflective Series	Standard Series	Capnovue® Masks
			
Connector Applications	Reflective 	Luer-Style 	Luer-Style or Reflective 
Features	Cannulas: Sampling Only Nasal with Oxygen Delivery Oral-Nasal with Oxygen Delivery		Masks: Oral-Nasal for Higher Flows and Upper-GI Procedures
	Sampling Lines: With or without ETT adapter		
	Connectors: Orange Connector: Short-term use Yellow Connector: Extended use Luer-Style Connector		

STANDARD SERIES¹

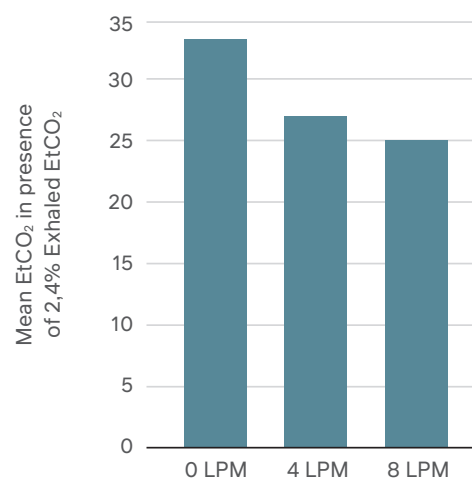

DIVIDED SALTERSTAT™ STANDARD O₂/ETCO₂ CANNULAS

EtCO₂ sampling and O₂ delivery effectiveness at 4 LPM fresh gas flow

CAPNOVUE® MASKS²

CAPNOVUE

Face masks with CapnoVue® technology provide accurate signals with high O₂ flow rates

1. Ebert TJ, Novalija J, Uhrich TD, Barney JA. The effectiveness of oxygen delivery and reliability of carbon dioxide waveforms: a crossover comparison of 4 nasal cannulae. *Anesth Analg.* 2015;120(2):342-438.
 2. Data on file. Salter Labs.

SALTERSTAT™ REFLECTIVE SERIES

Available with soft headset tubing for patient comfort

Nafion tubing featured on extended use products for moisture management

Hydrophobic, 0.22 micron filter

Compatible reflective connector

Extended use connector also available

Oral-Nasal Cannula

Divided Nasal Cannula

SALTERSTAT REFLECTIVE ORAL/NASAL SAMPLING LINE WITH O₂ DELIVERY

COMPETITIVE ORAL-NASAL SAMPLING LINE WITH O₂ DELIVERY

SALTERSTAT™ STANDARD SERIES

Divided cannulas for true EtCO₂ sampling and effective O₂ at higher flow rates

- Patented Salter Eyes provide safety apertures to reduce the possibility of occlusions
- Divided design separates O₂ delivery from CO₂ monitoring
- Available with male slip, male and female luer connector

CAPNOVUE® MASKS

CapnoVue® masks provide higher O₂ flow rates with oral-nasal sampling

- Available in standard mask design or with access port for scopes
- Flow dynamics separate gases by pulling CO₂ toward vents and sampling lines and away from O₂ port
- Capnovue M1 available in infant, pediatric, and adult sizes. CapnoVue Scope available in pediatric and adult sizes.

CapnoVue Scope Mask
