

# SMALL VOLUME JET NEBULIZERS

LATEX FREE | SINGLE PATIENT USE

The Salter Labs® small volume jet nebulizers provide reliable, cost effective aerosol therapy. The T-Piece option features an anti-drool “T” for extended, uncontaminated use. The high output of the nebulizer provides a fast treatment time of under 7 minutes. With multiple configurations, Salter Labs nebulizers provide reliable therapy in both hospital and home environments.

Each kit offers ready-to-use access with one or all of these various accessories:

- O<sub>2</sub> supply tubing
- Trumpet or thread grip O<sub>2</sub> connector
- Reservoir tubing
- T-Piece connector
- Mouthpiece
- Pediatric mask
- Adult mask
