AirLife

Introducing the Flex Container to Your Facility!

December 2026

The flexible collapsible design of the 1L sterile water for inhalation container offers a safe and practical solution for active humidification.

INS-20195-C1 Rev.1

Collapses easily with gravity
for hassle free use

Minimizes risk of confusion
with traditional IV bags

Not made with DEHP
to keep our smallest patients safe

24-month shelf life
ensures long-term storage capability
